Ability to work in fast-paced environments Team collaboration

Problem solving and troubleshooting

Leadership and task coordination

PROFESSIONAL EXPERIENCE

Co-Owner	Aug 2025 - Present
MC Handyman LLC - Cleveland, TN	
• Direct day-to-day operations for a residential repair and property maintenance business, overseeing jobs from estimate through closeout. • Manage scheduling, customer communication, and job sequencing to keep projects on time and aligned with client expectations. • Lead project planning, material sourcing, and field execution to reduce delays and maintain steady workflow. • Resolve electrical and mechanical issues on-site, minimizing callbacks and protecting project timelines. • Own estimating, invoicing, and service quality standards while maintaining strong client retention and referral volume.	
Coil Receiving	Feb 2024 - Aug 2025
Gestamp - Chattanooga, TN	
• Coordinated receiving and inspection of inbound steel coils to support uninterrupted production schedules. • Validated shipment data and entered inventory transactions accurately to maintain material traceability and stock control. • Partnered with purchasing and operations teams on order documentation, helping prevent receiving and staging errors. • Maintained organized staging and material flow processes that improved floor readiness for production teams.	
Electrician	Jul 2023 - Feb 2024
White Brothers Electric - Knoxville, TN	
• Installed residential electrical systems while coordinating with builders and crews to keep phase deadlines on track. • Performed rough-in inspections and troubleshooting to resolve issues early and reduce downstream rework. • Conducted final system checks and quality walkthroughs to support first-pass inspection approval. • Managed warranty service calls, prioritized repairs, and communicated clear resolution plans to homeowners.	
Saw Operator	Nov 2022 - Apr 2023
The Steel Store - Cleveland, TN	
• Executed precision cutting operations to meet order specifications and delivery requirements. • Coordinated forklift and overhead crane movement to maintain safe, efficient material flow. • Performed preventive maintenance and flagged equipment risks early to reduce unplanned downtime.	
Chief Network Systems Officer	May 2022 - Nov 2022
Unified Global Intelligence - League City, TX	
• Administered communication and workstation systems to support reliable day-to-day team operations. • Standardized equipment setup and maintenance practices to improve system consistency and readiness. • Delivered frontline IT support and monitored performance, resolving issues quickly to minimize disruptions. • Supported staffing and operational oversight by coordinating assignments and follow-through across teams.	
Lead Man	Nov 2020 - May 2022
The Steel Store - Cleveland, TN	
• Led daily shop floor workflow, balancing labor and priorities to keep production targets on schedule. • Managed SAP order documentation and invoicing accuracy to support smooth handoff between departments. • Trained and supported team members on safe operation of saws, forklifts, and overhead cranes. • Verified completed orders and quality checkpoints before shipment to reduce customer issues.	

Assembly Technician

Jul 2019 - Sep 2020

Whirlpool - Cleveland, TN

- Maintained line output by assembling double oven units in a high-volume production environment.
- Completed component installation and in-process quality checks to meet build standards.

Stocking Associate

Dec 2017 - Aug 2018

Target - Cleveland, TN

- Coordinated truck unload and backroom organization to keep inbound inventory moving efficiently.
- Replenished sales floor based on demand priorities to maintain product availability.
- Prepared opening-floor standards and merchandising readiness before store launch each day.

Security Officer

Oct 2017 - Dec 2017

SEC Security - Chattanooga, TN

- Conducted routine patrols and monitored assigned posts to maintain site safety and policy compliance.
- Documented and escalated safety or security concerns promptly to leadership for corrective action.

Sheriff's Deputy

Sep 2014 - Oct 2017

Bradley County Sheriff's Office - Cleveland, TN

- Oversaw inmate intake and release procedures with strict attention to policy and documentation accuracy.
- Performed regular security rounds and compliance checks across holding areas.
- Maintained facility order and responded to incidents to protect staff, inmates, and operational continuity.

EDUCATION

High School Diploma

May 2007

Walker Valley High School - Charleston, TN

VOLUNTEER EXPERIENCE

IT Administrator (Volunteer)

Local Bible College - Cleveland, TN

- Provided IT support and maintained computer systems.
- Assisted staff with troubleshooting hardware and software issues.
